### **Additional Terms and Conditions**

**Variable Rates:** Variable Rates on the Account are calculated by adding together an index and a margin. The margins are shown below. The index is the highest U.S. Prime Rate as published in the "Money Rates" section of The Wall Street Journal on the last publication day of each month. An increase or decrease in the index will cause a corresponding increase or decrease in your variable rates on the first day of your billing cycle that begins in the same month in which the index is published. An increase in the index means that you will pay higher interest charges and have a higher Total Minimum Payment Due. If The Wall Street Journal does not publish the U.S. Prime Rate, or if it changes the definition of the U.S. Prime Rate, the Bank may, in its sole discretion, substitute another index.

<sup>a</sup> Standard Rates for Purchases, Term It Plans, and Balance Transfers:

- Regions Life - Wall Street Journal Prime + a margin of 8.74% - 18.74%
- Regions Prestige - Wall Street Journal Prime + a margin of 9.74% - 19.74%
- Regions Cash Rewards - Wall Street Journal Prime + a margin of 10.74% - 20.74%

<sup>b</sup> Standard Rate for Cash Advances:

- Wall Street Journal Prime + a margin of 21.74%

† Introductory Rate on Balance Transfers applies through the end of either the 15th monthly billing cycle (for Regions Life Accounts) or the 12th monthly billing cycle (for Regions Prestige and Cash Rewards Accounts) after the Account is opened for all Balance Transfers posted within 60 days of Account opening.
